# FISCAL ANALYSIS

L.R. No. 1062-01 Bill No. HB 369 Page 2 of 3 February 13, 2001

#### **ASSUMPTION**

Officials from the Office of State Courts Administrator, Office of the State Public Defender, Department of Public Safety - Missouri Highway Patrol, Office of Administration - Division of Budget and Planning, and the Department of Mental Health assume the proposed legislation would have no fiscal impact on their agencies.

Officials from the **Office of Prosecution Services** assume this proposal would not have a significant fiscal impact on prosecuting attorneys.

Officials from the **Department of Corrections (DOC)** stated that 12% of the inmate population in CY 2000 had an IQ of 75 or lower, but not all inmates convicted of Murder 1 receive the death penalty. It is unknown how many offenders the court would determine to be mentally retarded and that could possibly have received the death penalty, but the DOC assumes it would be a small percentage. However, fiscal impact due to passage of this proposal would occur after the average ten-year-plus time served by death-row inmates prior to execution, and is, therefore, beyond the scope of this fiscal note. The DOC does not anticipate the need for additional capital improvements at this time. It must be noted that the cumulative effect of various new legislation, if passed into law, could result in the need for additional capital improvements funding if the total number of new offenders exceeds current planned capacity.

Officials from the **Office of the Attorney General** assume the proposal could result in additional appeals, which could be managed with current staffing. The costs of the proposal could be absorbed with existing resources.

FISCAL IMPACT - State Government	FY 2002 (10 Mo.)	FY 2003	FY 2004
	\$0	\$0	\$0
FISCAL IMPACT - Local Government	FY 2002 (10 Mo.)	FY 2003	FY 2004
	\$0	\$0	\$0

#### FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

#### **DESCRIPTION**

BLG:LR:OD (12/00)

L.R. No. 1062-01 Bill No. HB 369 Page 3 of 3 February 13, 2001

This proposal revises the death penalty law to prohibit its use on defendants who are found to be mentally retarded by the preponderance of the evidence. The judge determines the issue of mental retardation prior to the trial. The proposal also defines "mental retardation" as a condition involving substantial limitations in general functioning.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
